### Disclosure and Consent to Dental Procedures

**To the Patient:** You, the patient, have the right to accept or reject dental treatment recommended by your dentist. Prior to consenting to treatment, you should carefully consider the anticipated benefits and commonly known risks of the recommended procedure, alternative treatments, or the option of no treatment.

Do not consent to treatment unless and until you discuss potential benefits, risks and complications with your dentist. Make sure all your questions are answered. By consenting to treatment, you are acknowledging your willingness to accept known risks and complications, no matter how slight the probability of occurrence. This disclosure is not meant to scare you. It is simply an effort to better inform you about the nature of the treatment(s) that you may need.

As with all diagnostic, restorative and dental procedures, there are common risks and potential complications associated with dental treatment. No one can guarantee the success of the recommended treatment, or that you will not experience a complication or less than optimal result. Even though many of these complications are rare, they can and do occur occasionally.

#### I agree to the following Acknowledgements:

- **EXAMINATION, X-RAYS and PHOTOGRAPHS:** I understand that the initial visit may require radiographs and photographs to complete the examination, diagnosis, and treatment plan. These records may be used in dental education. These records are protected by HIPAA.
- **CHANGES IN TREATMENT PLAN:** I understand that, during treatment, it may be necessary to change or add procedures because of conditions found while working on teeth that were not discovered during examination—the most common being root canal therapy following routine restorative procedures. I give my permission to the Dentist to make any or all changes and additions to the treatment plan as necessary.
- **DRUGS, MEDICATION, AND SEDATION:** I understand that antibiotics, analgesics, and other medications can cause allergic reactions causing redness, swelling of tissues, pain, itching, vomiting, and/or anaphylactic shock (severe allergic reaction). They may cause drowsiness and lack of awareness and coordination, which can be increased using alcohol or other drugs. I understand this and fully agree not to operate any vehicle or hazardous device for at least 12 hours or until fully recovered from the effects of any anesthetic medication or drugs that may be given to me in the office for my treatment. I understand that failure to take medications prescribed for me in the manner prescribed may offer risks of continued or aggravated infection, pain, and potential resistance to effect treatment of my condition. I understand that antibiotics can reduce the effectiveness of oral contraceptives.
- **LOCAL ANESTHETIC:** I understand that the administration of local anesthesia and its performance carries certain risks, hazards, and unpleasant side effects which are infrequent, but nonetheless may occur. They include, but are not limited to the following: nerve damage or paresthesia, a temporary, increased heart rate and/or a flushed feeling, allergic reaction, hematoma or swelling near or at the injection site, trismus or difficulty opening jaw for a short time after the injection, facial paralysis, soft tissue damage after the dental procedure due to biting of tongue and cheek, or burning tissues with hot food or beverage while still numb, infection, sloughing of tissue, ocular complications and needle breakage.
- **FILLINGS:** I understand that care must be exercised in chewing on filling during the first 24 hours to avoid breakage, and tooth sensitivity is common after-effect of a newly placed filling.
- **PERIODONTAL STATUS AND CLEANING-** I understand that I will undergo a periodontal exam via probing to evaluate the health of my gums. Depending on the current health of my gums, I may require a second or deeper cleaning to fully evaluate my dental needs. I understand that my teeth will be cleaned using ultrasonic and hand instruments. This may result in a temporary sensitivity; however, a root canal or extraction may be necessary for abscessed teeth.

- **POST-OPERATIVE SWELLING, BRUISING AND DISCOMFORT-** Infection may also occur which will require additional treatment and bleeding may be prolonged. There is also a possibility of injury to or stiffness of the neck and facial muscles. This could cause possible changes in occlusion.
- **NERVE INJURY,** may result in numbness, tingling, or altered sensation of the lips, chin, gums or teeth. Possible damages to the nerves of the tongue leading to numbness or altered sensation. This may include an alteration in taste, although usually temporary, these changes may be permanent.
- **TEMPOROMANDIBULAR JOINT DYSFUNCTIONS (TMJ):** I understand that symptoms of popping, clicking, locking and pain can intensify or develop in the joint of the lower (near the ear) after routine dental treatment wherein the mouth is held in the open position. However, symptoms of TMJ associated with dental treatment are usually transitory in nature and well tolerated by most patients. I understand that should the need for treatment arise, then I will be referred to a specialist for treatment, and the cost of which is my responsibility
- **HEALTH HISTORY:** It is very important that you provide your dentist with accurate information before, during and after treatment. I understand that it is my responsibility to give Boyles General Dentistry an accurate health history. Important Health information to disclose includes:
  - **All medical conditions**
  - **All medications including, prescribed, over the counter or self-prescribed**
  - **Any allergies**
  - **Any infectious disease**
  - **Any heart conditions**
  - **Any use of oral or I.V. Bisphosphonates**
- **RECOMMENDATIONS FOR TREATMENT:** It is equally important that you follow your dentist's advice and recommendations regarding medication, pre and post treatment instructions, referrals to other dentists or specialists, and return for scheduled appointments. If you fail to follow the advice of your dentist, you may increase the chances of a poor outcome.

### ADA Dental Patient Rights and Responsibilities Statement

Your dentist is the best source of information about your dental health and wants you to feel comfortable about your dental care. Maintaining healthy teeth and gums means more than just brushing and flossing every day and visiting your dentist regularly. As an informed dental patient, it also means knowing what you can expect from your dentist and dental care team and understanding your role and responsibilities in support of their efforts to provide you with quality oral health care.

The rights and responsibilities listed below do not establish legal entitlements or new standards of care, but are simply intended to guide you through the development of a successful and collaborative dentist-patient relationship.

#### Patient Rights

1. You have a right to choose your own dentist and schedule an appointment in a timely manner.
2. You have a right to know the education and training of your dentist and the dental care team.
3. You have a right to arrange to see the dentist every time you receive dental treatment, subject to any state law exceptions.
4. You have a right to adequate time to ask questions and receive answers regarding your dental condition and treatment plan for your care.
5. You have the right to know what the dental team feels is the optimal treatment plan as well as the right to ask for alternative treatment options.
6. You have a right to an explanation of the purpose, probable (short and long term) results, alternatives and risks involved before consenting to a proposed treatment plan.
7. You have a right to be informed of continuing health care needs.
8. You have a right to know in advance the expected cost of treatment.
9. You have a right to accept, defer or decline any part of your treatment recommendations.
10. You have a right to reasonable arrangements for dental care and emergency treatment.
11. You have a right to receive considerate, respectful and confidential treatment by your dentist and dental team.
12. You have a right to expect the dental team members to use appropriate infection and sterilization controls.
13. You have a right to inquire about the availability of processes to mediate disputes about your treatment.

#### Patient Responsibilities

1. You have the responsibility to provide, to the best of your ability, accurate, honest and complete information about your medical history and current health status.
2. You have the responsibility to report changes in your medical status and provide feedback about your needs and expectations.
3. **You have the responsibility for full financial obligation to pay for all dental treatment rendered. Dr. Etheredge & Dr. Boyles are in-network providers, but this does not include all dental insurance plans. It is YOUR responsibility to call your dental insurance to verify benefits to determine if we are an in-network or out of network provider. Whatever the dental insurance company does not end up paying, the patient or parent or guardian, is responsible for the total bill.**

## General Dentistry & Implant Center

4. You have the responsibility to participate in your health care decisions and ask questions if you are uncertain about your dental treatment or plan.
5. You have the responsibility to inquire about your treatment options and acknowledge the benefits and limitations of any treatment that you choose.
6. You have the responsibility for consequences resulting from declining treatment or from not following the agreed upon treatment plan.
7. You have the responsibility to keep your scheduled appointments.
8. You have the responsibility to be available for treatment upon reasonable notice.
9. You have the responsibility to adhere to regular home oral health care recommendations.
10. You have the responsibility to assure that your financial obligations for health care received are fulfilled.

11. **You have the responsibility to give at least 24 hours' notice for cancelling or rescheduling any appointment. IF you call & cancel the same day as you are scheduled or do not show up to an appointment, we have the right to charge your account a \$25 dollar fee for non-compliance.**

**12. If a 3D (Cone Beam) X-Ray is required by Dr. Boyles or Dr. Etheredge to determine, diagnose, and treat your dental needs, IT WILL BE AN OUT OF POCKET EXPENSE OWED.**
